In Memory of . . .

Gina Fried

Weston High School was saddened this year at the passing of our teacher, colleague, friend and role model Gina Fried. She began teaching English at WHS in 2003. During her tenure, she was a highly popular teacher and colleague, a member of numerous school and district committees and a fierce advocate for diversity in all aspects of the district. She was deeply committed to our METCO program and to groups such as the Jewish Student Union, Muslim Student Union and Tenacity Challenge program. As a colleague shared, "Her commitment to diversity is the gift she shared with Weston Public Schools and we will honor her passion moving forward."
~ Superintendent Brackett

"Ms. Fried was one of those people that you meet only once in a lifetime. Not only was she an incredible educator, but she was a mentor, friend and just a genuinely great human being overall. I feel so lucky to have had her love and constant support throughout my high school experience. There are truly no words to express the loss that we all feel, but I am comforted in all the memories, hugs, tears, and laughter that I've shared with her. Thank you for everything, Ms. Fried."
~a student

Margaret Irwin

Margaret Irwin, Family and Consumer Science teacher at Weston High School, passed away in March while traveling in Ecuador with her husband Tim. She had been ill for some time, but as Tim remarked, "I take some comfort knowing that Margaret was doing what she loved most, adventuring in new and magical lands."

Ms. Irwin taught cooking at the high school for many years and was noted for her enthusiasm and willingness to work with students, faculty and staff.

Note the following comments about her:

"An amazing teacher who cared about students and her craft. She mentored me and as a result I hold her in the highest esteem." ~a student

"She was a teacher who cared a great deal about her students. She cared about learning about different cultures and sharing what she learned with her students." ~a student

"I think what everyone will remember about her was her iron chef competitions. She had teachers fighting over who could be judges so they could see what the kids were doing in her classes and get to sample the food."~ a teacher

"Never Regret. If it's good, it's wonderful. If it's bad, it's experience." ~Victoria Holt

I would dedicate 488 characters to so many specific people. Alas! ~ I feel blessed for the family, friends, faculty- intimate or non, that have cared for me so tenderly throughout my 4 years of exploration in High School (and more). I appreciate you all for having faith in me, for giving me the benefit of the doubt, for boosting me up in moments of failure and for celebrating with me on any given spectacular day. I have 18 years worth of thankful thoughts- for those who were a part of it, we both know it, and I'll never forget it. It's crazy to be this lucky!

Mom & Dad: Thank you both for continuing to encourage me to reach my dreams in school, on the field and in life. You're easily the smartest person I know and have taught me the importance of putting others before myself. John John: You're the best of us little man. You've been the greatest gaming companion a brother could ask for and I don't know what I'm going to do without my best bud around me next year.
The Boys: I can't describe or thank you enough for the impact you guys have had on me. It's been a pleasure growing up with yo and y'all will always be part of me.
Lionel Messi: My man. You inspire me everyday and represent upmost humility in the face of unprecedented success. You maintain my faith in magic

My journey through WHS has been such a fulfilling and meaningful experience. People say that high school is a time to grow and mature and at WHS I have done just that, growing into the young adult that I want to be. I have been so fortunate to be surrounded by friends, family, and various faculty members that have congratulated me through my highs and have supported me through my lows. Finally, I have to talk about my amazing grade. I couldn't have been luckier to be part of 2016 and to be surrounded by such a great group of inspiring individuals. 2016 was and will forever be special.

I'm grateful for having parents who were very supportive but also let me make my own decisions. I'd also like to thank my brother, who helps cheer me up. Being with him is never boring.

I appreciate the many teachers that supported me throughout high school. I also appreciate the people who started the clubs and activities I was involved with. Specifically, I'd like to thank Ms. Bergeron, the JV tennis coach, for encouraging me to join the tennis team. Another person I'd like to thank is Mr. Gaes, who organized the magic club.

Thank you, Mom and Dad, for unconditional support. TCo, for passion; my friends, for love; my siblings, for laughter; those I've admired, trusted, gotten pancakes with, kissed: for joy.

Maybe this tribute isn't perfect, appropriate, or in any way what I should've written; maybe it doesn't capture the quintessential high school experience. Despite this, an important thing I know is that things don't have to be marvelous or the best to be worth something.

We'll never know this little again, be this young again, but we'll always remember one another. What's more marvelous than that?

"Happiness can be found, even in the darkest of times, if one only remembers to turn on the light." — Albus Dumbledore

My time at WHS was rigorous and long in the moment; but now looking back it feels extraordinarily short. My growth as a student and individual comes from the patience and immense support of family and friends. My parent's financial and mental encouragement gave me the drive to push passed the difficulties and teach me the ways of life, and how to face responsibilities on my own. My parents and close friends offered constant laughs and love that lowered my daily stress and rounded me as a person. As such, I am forever grateful to all who have supported me. Good luck 2016!

It's pretty clear that I wouldn't have survived this journey without the help of basically everyone in my life...
My parents support me in everything I do. From the challenges of large projects or college apps to the everyday, but still important dinner or ride, they have sacrificed way too much for me, and I cannot express how much I owe to them.
My brother and friends save me everyday from giving up. There have been many times this year when I was crushed by stress or life problem, but someone is always there to talk it out with me. I appreciate every moment (even the sarcastic jabs)

And as we are liberated from our own fear our presence automatically liberates others."

As a little girl, my family helped shape me into the person I am. A love of reading came from mom getting me hooked on phonics (I'll admit it, it paid off); a passion for fashion came from that night dad bought all of the pink baby dresses he could find, with matching socks and bows; and my frugality came from my brother demanding a cut of candy received in school—just kidding Ali, you made me challenge myself in every aspect, and without that, I wouldn't have the drive and work ethic that define me today. FACULTY

OUR THANKS TO YOU

"The mediocre teacher tells. The good teacher explains. The superior teacher demonstrates. The great teacher inspires. You have been great teachers, who have touched our lives each and every day with the smallest of actions and the kindest of words." Unknown

Student Comments About Faculty and Staff

I may not remember what my teacher said but I'll never forget my teacher's voice.

Technology has made it easier for students to learn with devices new, but nothing can come close to the experience of being taught by an inspirational teacher like the ones we are fortunate enough to have. Thank you.

It is easy to take teacher's for granted, but it is difficult to forget your inspirational words. It's easy to misbehave in class, but it's difficult to overlook your motivational advice. It's easy to spot annoyance in your behavior, but it is difficult to realize the patience you have while dealing with us. Thanks for overlooking our EASY's and never forgetting to do your DIFFICULT's.

Special Olympics provides sport's training and competition programs year round to individuals with intellectual disabilities.

Committee member Naomi Ruben shared her reasons for getting involved. "Student should volunteer because it is a wonderful event and it makes a lot of people happy. Hannah Hanoyan

Ever since you were born, you've had a golden aura around you. A gift that very few possess... yet most sense. I call it "the IT factor". You can't see it, or touch it, but it's there, in its whispering power. It makes you unique and beautiful in a way that has nothing to do with clear skin, long hair or the latest fashion trend.

It is especially apparent when, like a sixth sense, you feel the pain or sadness in others- man or beast- and with endless and abundant compassion, you do all you can, at times with the greatest of personal sacrifice, to make the world a more peaceful and comfortable place for those who may suffer.

And too, when you feel joy for others' successes it is genuine. I have never known you to feel jealousy or vengeance. I do not think your pure heart is capable of such vicious emotion.

As you go off to college my darling daughter, it will be fun and exciting, but maybe a little scary too...so here are a few things you should keep in mind for your first year;

1) You can't control people's actions; only how you react to them.
2) Keep your sense of humor very handy! You'll need it!
3) You will change you mind about what you want to do with the rest of your life a dozen times...and that's OK!
4) Your family will stand by you no matter what.
5) You always have a home with a warm bed, a warm meal, a warm hug and a cold puppy nose.
6) You are loved beyond any depths imaginable for as long as I breathe.

This is just the beginning of your beautiful and bumpy journey my love....Safe travels...
and remember to call your Mother.

Truly worth waiting for, we couldn't have been prouder more.
From days of all pink and a warm friend, your curly curls and jumpy jumps saw no end.
Years you never wanted to pass. Change you didn't want to last.
Led to twists and turns along your path.
Curls gave way to sight as you danced your way toward a different light.
New passions discovered yet your core remains true and that same friend is still with you.
You learned to take comfort in the known while exploring the new.
Now the entire world waits for you.
As a new chapter of your story unfolds, remember to be courageous and bold.
Remember to laugh and love each day. Remember to take pride in each step of the way.
Remember you own our hearts. You: we treasure and adore.
Truly worth waiting for, we cannot be prouder more.

TO THE SENIOR CLASS

Thanks to the Senior Class Faculty Advisors Sophia Kulos and Kim Young, and to the Parent Class Advisors Natalie Gormley, Cindy Hamblett, and Margo Siegrist, for helping us in so many ways. Special thanks to the members of the Senior Class for providing us with their portraits, quotes and toddler pictures which are featured in the SENIOR SECTION of PANORAMA 2016.

FOR PHOTOGRAPHY & ARTWORK

So many people deserve our appreciation for providing pictures. We sincerely thank Prestige Lifetouch Photography for providing senior portraits, underclass and faculty pictures, sport teams and candid photos of athletic games. They also provided the portrait of the traditional senior class photo on the football bleachers which is prominently featured in the "Foldout" in the Opening Section. Don't miss looking at it and the "Superlative" photos on the back side of the same "Foldout," with pictures provided by Langley Pierpoint. Thanks to senior Catherine Argyrople for providing a sizable number of the senior portraits and many of the club photos. We don't want to forget parent Len Brown for play and music photos, along with many others. Thanks to our Weston parents who responded when we sent a number of SOS messages. And we don't want to forget Zoe Morris for providing the "watercolor" art work featured on the front cover of the yearbook; plus background pages she designed for the Opening Section and the numerous Divider pages.

FOR FINANCIAL SUPPORT

Thanks to all Weston parents and benefactors who supported us by purchasing Recognition Ads and 2016 Yearbooks, and for providing other assistance to our yearbook project.

TO LIFETOUCH PUBLISHING

Our thanks to our representatives from Lifetouch--Debbie Cohen who helped us plan and prepare the 2016 yearbook; to Peter Greer who provided drone images and other photos and also designed the Recognition Ads and the Senior Class picture foldout page. We also want to thank the other representatives from Lifetouch who were always available with help--especially Megan Testerman and Beth McGrath.

COLOPHON

PANORAMA 2016 VOLUME 32 was printed by Lifetouch Printing & Publishing in Love's Park IL, and produced by Weston students on the yearbook staff. The book was a 272 page, spring publication, with a trim size of 9X12 inches and a press run of 425 books. Books were sold on line by LifetouchYBPay, or through the high school, at $85 a book. Very generous parents and sponsors who purchased ad space also financially supported the yearbook. The yearbook office is located in second-floor E-wing just beyond Room 206. The office phone number is 781-529-3020, extension 7036. The yearbook website is westonyearbooklounge.com. All student clubs and organizations were encouraged to submit photos and were offered space in the book.

THEME. *"Watercolors"* was carried throughout the book by the use of watercolor pictures and designs created by senior artist Zoe Morris. She designed and painted the cover of the book and also produced the watercolor divider pages and backgrounds on many pages.

PRODUCTION. Parent ads were managed and created by Peter Greer, Lifetouch designer. Debbie Cohen, Lifetouch rep helped the staff organize and prepare the book. The advisor was Iona Nickeson, staff member at Weston High School. Pages were produced using Lifetouch Volumes Online page production tool as well as InDesign CC and Photoshop CC.The cover is four color printing on white linen with 150pt. cover board. 100# gloss text paper was used throughout the book.
